

BIG GAME MAMMALS

After watching Fascinating Facts: Big Game Mammals, we learned some incredible things about these 4 species. Read the "I" statements and draw a line from the dot beside the statement to the animal who would have said it.

- I can grow up to 2.5cm of antlers per day
- I am born during winter in a den
- I can run up to 50 km/hr and jump as high as 2.5m high
- I can swim as fast as 10 km/hr
- I stay with my mother until my second spring season
- I can outrun a human at 5 days old •
- I was locally extinct from Ontario but have been reintroduced and am now thriving.
- I make a sound called a bugle during mating season
- I am able to jump the length of two cars
- I am able to put on as much as 1 to 2.5 kg of weight a day when I am a calf
- I do not actually hibernate, but enter a state called torpor during the winter, where I can become active at times
- I grow antlers which grow about 1cm per day, and fall off each winter.

Elk

Black Bear

Moose

White-tailed Deer

JK - Grade 3
